APPROVAL OF STATE ENGINEER		
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the		
following limitations and conditions:		
This permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 31192 is issued subject to the terms and conditions imposed in said Permit 31192 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the Proof of Completion of Work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of the water herein granted at any and all times.		
The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not		
to exceed 2.0 cubic feet per second, but not to exceed		
1,447.59 acre-feet annually.		
Actual construction work shall begin on or before August 23, 1981		
Proof of commencement of work shall be filed before September 23, 1981		
Work must be prosecuted with reasonable diligence and be completed on or before		
Proof of completion of work shall be filed before September 23, 1981		
Application of water to beneficial use shall be made on or before		
Proof of the application of water to beneficial use shall be filed on or before. September 23, 1984		
Map in support of proof of beneficial use shall be filed on or before
